This meeting with your student exchange coordinator will supply the answers to these questions and many more. COURSES AND SEMINARS

MEMORY CULTURE

Prof. Jacqueline Otten

(ECTS: 5)

Do you want to move forward, think and act on your own and make the best of your stay in Hamburg? Join the Design Thinking course! Here we try to develop projects beyond fixed structures. We start on a deeper level: you, as an individual, are the focus – there is not necessarily a specific project, nor a defined team. You will determine this in an ongoing process, based on your own individual skills and creativity.

Make the most of your potential and one thing is certain: the only way is up! The first part of the course is held online. The second part is a project week with meetings in small groups.

You will be informed of the exact dates.

Please note: This course can have a maximum of 18 participants.

SELECTED BUSINESS TOPICS – COMMODITY TRADE

Prof. Erika Kullmann will give a brief presentation about her course on Thursday, 10 March at 1:00 pm. Details will follow.

(ECTS: 5)

You will receive detailed information from her after you notify your SEC and Lea.Andres@haw-hamburg.de that you are interested in the course.

*Because the module focuses on linguistic English competence it is only open to non-native speakers of English.

erika.kullmann@haw-hamburg.de

LAUFZETTEL / TRANSCRIPT OF RECORDS

You will receive a so-called 'Laufzettel'. This document is very important because you need it filled out by the professors of your courses to get your transcript of records at the end of your exchange semester.

In the last week of the semester, you will need to ask each of your professors to fill in your grades and ECTS for the exams you have taken on this Laufzettel. Afterwards you will need to submit it to the student exchange coordinator in the DMI International Office.

ACADEMIC CALENDAR AND PUBLIC HOLIDAYS

The main holidays during the semesters in Hamburg are Easter and Christmas, and the university is closed for these holidays. In May there are also a couple of public holidays on which the university is closed.

CAFETERIA

The cafeteria serves lunch from 11:30 am to 2:30 pm.

The daily menu can be viewed on a monitor in front of the cafeteria. Meals containing pork are marked with a pig's head; dishes containing alcohol can be identified by a little bottle beside the name. All meals can be paid for with cash or with the HAW Hamburg chip card. To use this service, you will have to load money onto your card. A machine that allows you to load the card by paying with bank notes is located next to the cafeteria.
