

Erfahrungsbericht zum Studienaufenthalt im Ausland im Rahmen einer Summer School

Name der VerfasserIn	Dhaval Gambhava
Studiengang, Fakultät	Renewable Energy Systems
E-Mail-Adresse	Dhaval.gambhava@gmail.com
Land & Gasthochschule	Longyearbyen, Svalbard; UNIS (University Centre in Svalbard)
Name der Summer School/ Thema	AGF-353 , Sustainable Arctic Energy Exploration and Development
Zeitraum Summer School (inclusive Jahresangabe)	17.06.2019 – 03.07.2019

Wie sind Sie auf die von Ihnen besuchte Summer School aufmerksam geworden?

(eigene Recherche, über welche Website/Kanäle, Tipps oder Mail von Profs./SEC/IO...)

- *Eigene Recherche von Internet*

Vorbereitung (Planung, Organisation, Bewerbung bei der Gasthochschule):

- *I self-planning and organization the whole trip, but in case of any question UNIS student service are very helpful and gives quick feedback by phone/email.*
- *The application process starts three months before the course was started and student can directly apply in UNIS portal. It's a simple and entirely **paperless** online process takes (max. 20min.), also Invitation letter was received by Email only.*

Fachliche Organisation (z.B. haben Sie eine Anerkennung an der HAW Hamburg im Vorhinein abgesprochen? Bekommen Sie den Kurs anerkannt?):

- *Yes, I contacted my mster course coordinater as well as student representative of HAW international office (Ms Astrid von der Heide & Ms Marina Leß).*

Unterkunft (Suche, Mietpreis, Tipps für andere Studierende):

- *Private hostel, house and hotel are super expensive than [student dorm](#) from UNIS. So, all the students live in those dorms.*
- *Student need to apply for student dorm immediately after receiving invitation letter and it's cost is ca. 450 - 500€/ month depend on room size.*

Begleitprogramm (was wurde angeboten an Kultur- & Freizeitprogramm):

- *This arctic town offers many nature activities, like hiking, ski, boat trips, glacier, etc. also Norwegian food and good nightlife. There are couple of cultural activities like concert, exhibition, festivals celebration organized by locals.*

Fazit für Sie persönlich:

(Was waren Ihre Erwartungen an die von Ihnen besuchten Summer School/Ihren Aufenthalt? Haben sich Ihre Erwartungen erfüllt? Können Sie die Summer School anderen KomilitonInnen weiterempfehlen?)

- *I strongly recommended to all HAW fellows to participate in summer school at UNIS. I am really satisfied with the summer school syllabus & learning structure. We had couple of expert lectures and excursions on arctic renewable energy. We got the chance to work on a research project as final grading evaluation, which I liked a lot and We felt that our work can be helpful to local municipality to fight on current energy problem in arctic.*
