Binding registration for the exam

Due to the temporary disruption of IT services at HAW Hamburg, the examination registration is taking place in paper form via this registration form, thereby deviating from §18, paragraph 1 APSO-INGI. I agree to this procedure

With my signature, I register for the exam and confirm

- that I meet all the legal examination requirements for taking the examination (provision of all necessary pre-examination work, registration for the module to be examined);
- that I was able to adequately prepare for the exam despite the impairments to the IT infrastructure at HAW Hamburg;
- and that I have no symptoms of illness that would significantly limit my mental or physical performance.
