Introduction

The master course Renewable Energy Systems (RES) contains three semesters, the last one is reserved for the master thesis. The entry is usually the winter semester. The current lectures are gathered in the plan with the abbreviation S1E (winter) or S2E (summer). Most of the lectures only take place once a year.

Energy Practice Lab (EnP)

On Tuesday, 2nd April, for all students the EnP Lab starts at 12:30 h in room N 3.12 with lab instructions and the coordination of the teams and the weekly schedule.

The attendance on this day is mandatory.

Special Hints to the Time Table

- T Separation (in German Teilung) of the group. There may be different times for the sub-groups and the groups do usually not take place every week.
- B Block course, the lecture is restricted to certain days.
- V Fortnightly (in German vierzehntäglich)
